

# VULCAN

## Support & Maintenance

### Heavy-duty Cleaning Robot

# 1 Daily Maintenance

## 1.1 Cleaning components

19" Magnetic

19" Magnetic Scrubber Holder

Cleaning pad

Side squeegees

Squeegee assembly

Dust Mop

## 1.2 Daily maintenance

- Clean the squeegee, brush, side rubber, front hairbrush and wheels.  
Advice to clean squeegee daily and other parts weekly.
- Dump the sewage water and add clean water. Please fill the water a little lower than the level 1 marker.
- Charging the battery. Keep the robot on the charging station daily. If auto charging failed, please push the robot to charging.

Drain the sewage and clear the filters of trash to ensure that the sewage tanks do not get blocked.

Add the clean water and make the water level a little lower than the level 1 marker. Showing in picture

# 1 Daily Maintenance

Regularly check that the squeegee strip on the suction rake is not broken

Regularly check whether the rear squeegee is level, if not, please adjust the framed components
